# N.E. Harris Associates, Inc.

## Environmental and Power Solutions

Precision Environmental Control Systems, Building Monitoring Systems, Leak detection systems, Power Conditioners, Isolation Transformers, Power Distribution Centers, Static Switches 100Amps to 4000Amps, Smart Switches 15Amps to 60Amps, Uninterruptible Power Source (UPS) 10kVA to 1Mega-watt, Network Uninterruptible Power Systems 300VA to 20kVA, Network Racks and Enclosures, Computer Shutdown Software, Integrated Environmental and Power Systems, Transient Voltage Surge Suppression (TVSS or SPD), Computer Grade Electrical Panels with TVSS, Telephone, Cable and Data TVSS, Enersys Batteries, and C&D Batteries.

DC Power Plants 250 watts to 10,000 Amps, -48VDC or 24VDC, C&D Batteries, and GNB Batteries. Outdoor Telecommunications Enclosures

Diesel and Natural Gas Generators 12kW to 8MW  
Micro Generator  
ASCO & Zenith Automatic Transfer Switches  
ComAp paralleling controls

Battery Monitoring Systems for UPS, Telecommunications & Switchgear applications  
Yearly Monitoring Services and reports

HVAC Coils-Stock, Fan Coil Units-Stock, Air Handling Units-Stock  
Unit Heaters and Cabinet Heaters-Stock, Shell and Tube Chiller and Condensers, Fiberglass Cooling Towers  
Sentry Guard Coils- Guaranteed against Freeze Damage

Humidification Systems, Electrode Steam, Atomizing  
Air Fog (nozzle type), Live Steam, GAS FIRED (GH SERIES)

Distributor: Air Cooled Portable Spot Coolers  
Sales and rentals

Mission Critical Storm tracking and Lightning detection system.  
TSP2: ThunderStorm Power Prep, TSA2 ThunderStorm Asset Alert, LtraX Real-time lightning tracking software, ESID Electrical Storm Identification Device, TSS 928 ThunderStorm Sensor, FSA Facility Site Analysis, StrikeFax Lightning Verification Reports, and Fault Finder

“We have the solution to your Environmental and Power problems.”
